### Table of Contents

**Introduction**
- Preface – Page 1
- What does this book provide to the reader? – Page 2
- What does this book offer to the student or new graduated biomed? – Page 3
- How does a new graduate prepare for an interview? – Page 3
- What does this book offer to the existing biomed? – Page 5

**Chapter 1; The Biomedical Technologist**
- An overview of a biomedical technologist/technician – Page 6
- What are the biomed’s responsibilities – Page 7
- How a biomed is involved in patient care – Page 9
- A biomed’s typical day – Page 12
- What is preventative maintenance (PM)? – Page 14

**Chapter 2; Hospital Departments & their devices**
- Departments and the biomed – Page 17
- Departments and their devices – Page 17

**Chapter 3; The ADT (Patient Demographics)**
- Quick points – Page 28
- Challenge questions – Page 29
- Clinical Information – Page 30
- The HL7 Standard – Page 31
- Common Features of the ADT System – Page 32
- The Biomed and the ADT System – Page 35
- Challenge answers – Page 36

**Chapter 4; Electrical Safety**
- Quick points – Page 37
- Challenge questions – Page 38
- The basics of electrical safety – Page 39
- The electrical safety checks & safety analyzer – Page 48
- Electrical safety standards – Page 53
- Isolated power systems – Page 56
- Challenge answers – Page 58
Chapter 5: Patient monitors

Patient monitors and simulators overview
- Quick points – Page 60
- Challenge questions – Page 61
- Clinical information and parameter detection – Page 62
- Common features of the parameters – Page 69
- User setup: Patient Monitors – Page 70
- How to test/PM the patient monitor - Page 71
- Challenge answers – Page 75

Patient Monitors – ECG Parameter
- Quick Points – Page 77
- Challenge Questions – Page 78
- Clinical Information and Parameter Detection – Page 79
- Skin Preparation and Electrodes – Page 92
- Common Functions of ECG Monitors – Page 94
- User Setup: ECG parameter – Page 98
- How to Test/PM the ECG Parameter – Page 99
- Quick Service Tips – Page 105
- Challenge Answers – Page 108

Patient Monitors – RESP Parameter
- Quick Points – Page 110
- Challenge Questions – Page 111
- Clinical Information and Parameter Detection – Page 112
- Common Features of the RESP Parameter – Page 114
- User Setup: RESP Parameter – Page 116
- How to Test/PM the RESP Parameter – Page 117
- Quick Service Tips – Page 121
- Challenge Answers – Page 123

Patient Monitors; TEMP Parameter
- Quick Points – Page 125
- Challenge Questions – Page 126
- Clinical Information and Parameter Detection – Page 127
- Common Features of the TEMP Parameter – Page 129
- User Setup: TEMP Parameter – Page 130
- How to Test/PM the TEMP Parameter – Page 131
- Quick Service Tips – Page 135
Patient Monitors; NIBP Parameter
- Quick Points – Page 137
- Challenge Questions – Page 138
- Clinical Information and Parameter Detection – Page 139
- Common Features of the NIBP Parameter – Page 143
- User Setup: NIBP Parameter – Page 145
- How to Test/PM the NIBP Parameter - 146
- Quick Service Tips – Page 151
- Challenge Answers – Page 153

Patient Monitors; IBP Parameter
- Quick Points – Page 155
- Challenge Questions – Page 157
- Clinical Information and Parameter Detection – Page 158
- Common Features of the IBP Parameter – Page 165
- User Setup: IBP Parameter – Page 167
- How to Test/PM the IBP Parameter – Page 168
- Quick Service Tips – Page 172
- Challenge Answers – Page 173

Patient Monitors; SpO2 Parameter
- Quick Points – Page 174
- Challenge Questions – Page 175
- Clinical Information and Parameter Detection – Page 176
- Common Features of the SpO2 Parameter – Page 179
- User Setup: SpO2 Parameter - 182
- How to Test/PM the SpO2 Parameter – Page 183
- Quick Service Tips - 188
- Challenge Answers – Page 191

Patient Monitors; CO Parameter
- Quick Points – Page 193
- Challenge Questions – Page 194
- Clinical Information and Parameter Detection – Page 195
- Common Features of the CO Parameter – Page 199
- User Setup: CO Parameter – Page 200
- How to Test/PM the CO Parameter – Page 202
- Quick Service Tips – Page 206
- Challenge Answers – Page 208
Central Stations for Patient Monitors
- Quick Points – Page 210
- Challenge Questions – Page 211
- How it works: central station for patient monitors – Page 212
- Basic User Setup – Page 219
- The Basic Troubleshooting Tools – Page 220
- Central Station for Patient Monitors Issues – Page 225
- Preventative Maintenance - Page 229
- Challenge Answers – Page 231

Central Stations for Telemetry
- Quick Points – Page 232
- Challenge Questions – Page 233
- How it works: central station for telemetry - Page 234
- Basic User Setup – Page 239
- The Basic Troubleshooting Tools – Page 246
- Central Station for Telemetry Issues – Page 246
- Preventative Maintenance – Page 251
- Challenge Answers – Page 253

Chapter 6; Infusion Pumps
- Quick Points – Page 255
- Infusion pumps challenge questions – Page 256
- Clinical Information – Page 257
- Common features of the infusion pump – Page 258
- User setup: Infusion pumps – Page 261
- How to test/pm the infusion pump – Page 262
- Quick service tips – Page 268
- Challenge Answers - 270

Chapter 7; Cardiology
- Defibrillators
  - Quick Points – Page 272
  - Challenge Questions – Page 273
  - Clinical information and how defibrillators work – Page 275
  - Common functions of defibrillators - 285
  - User setup: Manual mode – Page 292
  - User setup: AED mode – Page 293
  - User setup: Elective Cardioversion mode – Page 294
○ User setup: Pacer mode – Page 295
○ How to test/pm a defibrillator – Page 296
○ Quick Service Tips – Page 307
○ Challenge Answers – Page 312

**Electrocardiographs**

○ Quick Points – Page 314
○ Challenge Questions – Page 315
○ Clinical Information and Parameter Detection - 316
○ Skin preparation and electrodes – Page 329
○ Common functions of electrocardiographs – Page 331
○ User setup: electrocardiograph – Page 333
○ How to test/pm the electrocardiograph – Page 334
○ Quick Service Tips – Page 339
○ Challenge Answers – Page 341

**Holter Monitor Systems**

○ Quick Points – Page 343
○ Challenge Questions – Page 344
○ Clinical Information and Parameter Detection – Page 345
○ Skin Preparation and Electrodes – Page 360
○ Common Functions of the Holter monitor – Page 361
○ User Setup: Holter monitor – Page 363
○ How to Test/PM the Holter monitor – Page 364
○ Quick Service Tips – Page 367
○ Challenge Answers - 369

**Treadmill Systems**

○ Quick Points – Page 371
○ Challenge Questions – Page 372
○ Clinical information and parameter detection – Page 373
○ Skin preparation and electrodes – Page 387
○ Common functions of a treadmill stress test system – Page 388
○ User setup: stress test system – Page 391
○ How to test/pm the stress test system - 392
○ Quick Service Tips – Page 400
○ Challenge Answers – Page 403
Chapter 8; Operating Room (OR)

Blood Warmers
- Quick Points – Page 405
- Challenge Questions – Page 406
- Clinical information – Page 407
- Common features of a blood warmer – Page 409
- How to Test/PM – Page 410
- Quick Service Tips – Page 413
- Challenge Answers – Page 414

Electrosurgery Units
- Quick Points – Page 415
- Challenge Questions – Page 416
- How It Works – Page 417
- Common features of electrosurgery – Page 418
- User Setup (monopolar) – Page 422
- How to test/pm an electrosurgery unit – Page 423
- Quick Service Tips – Page 427
- Challenge Answers – Page 429

Anesthesia
- Quick Points – Page 431
- Challenge Questions – Page 433
- Clinical Information – Page 434
- Common Features of the anesthesia device – Page 437
- User checkout of the anesthesia device – Page 451
- How to Test/PM – Page 454
- Challenge Answers – Page 456

Chapter 9; Neonatal

Fetal Monitors
- Quick Points – Page 458
- Challenge Questions – Page 459
- Clinical information and parameter detection – Page 460
- Common features of fetal monitors – Page 465
- User setup: fetal monitors (external) – Page 469
- How to test/pm the fetal monitor – Page 470
- Quick Service Tips – Page 476
Infant Incubators/Phototherapy

Quick Points – Page 479
Challenge Questions – Page 480
Clinical information and how it works – Page 481
Common functions of infant incubator – Page 484
User setup: infant incubator – Page 489
How to test/pm the infant incubator – Page 490
Quick Service Tips – Page 499
Challenge Answers – Page 500

Infant Radiant Warmers

Quick Points – Page 502
Challenge Questions – Page 503
Clinical information and how it works – Page 504
Common functions of an infant radiant warmer – Page 506
User setup: infant radiant warmer – Page 509
How to test/pm the infant radiant warmer – Page 510
Quick Service Tips – Page 516
Challenge Answers – Page 517

Chapter 10; Respiratory Ventilators

Quick Points – Page 519
Challenge Questions – Page 520
Clinical Information – Page 521
Common Features of the ventilators – Page 528
Pre-use check of the ventilator – Page 530
How to Test/PM – Page 531
Challenge Answers – Page 532

Chapter 11; Hemodialysis

Quick Points – Page 533
Challenge Questions – Page 534
Clinical Information – Page 535
Common Features of the Hemodialysis system – Page 539
User Setup: Hemodialysis – Page 545
How to Test/PM the Hemodialysis – Page 546
Chapter 12; Physiotherapy

Biofeedback
○ Quick Points – Page 558
○ Challenge questions – Page 559
○ Clinical Information – Page 560
○ Common features – Page 561
○ How to test/pm – Page 562
○ Challenge Answers – Page 565

SW Diathermy
○ Quick Points – Page 566
○ Challenge questions – Page 567
○ Clinical Information – Page 568
○ Common features – Page 571
○ How to test/pm – Page 572
○ Challenge Answers – Page 575

Interferential
○ Quick Points – Page 576
○ Challenge questions – Page 577
○ Clinical Information – Page 578
○ Common features – Page 581
○ How to test/pm – Page 582
○ Quick service tips - 584
○ Challenge Answers – Page 585

TENS
Quick Points – Page 586
○ Challenge questions – Page 587
○ Clinical Information – Page 588
○ Common features – Page 591
○ How to test/pm – Page 592
○ Quick service tips - 595
○ Challenge Answers - 597
Traction
- Quick Points – Page 598
- Challenge questions – Page 599
- Clinical Information – Page 600
- Common features – Page 602
- How to test/pm – Page 603
- Challenge Answers – Page 606

Ultrasound
- Quick Points – Page 607
- Challenge questions – Page 608
- Clinical Information – Page 609
- Common features – Page 611
- How to test/pm – Page 612
- Quick service tips – Page 615
- Challenge Answers – Page 617

Wax Baths
- Quick Points – Page 618
- Challenge questions – Page 619
- Clinical Information – Page 620
- Common features – Page 621
- How to test/pm – Page 622
- Quick service tips – Page 624
- Challenge Answers – Page 626

Chapter 13; Laboratory

Anaerobic Systems
- Quick Points – Page 627
- Challenge questions – Page 628
- Clinical Information – Page 629
- Common features – Page 631
- How to test/pm – Page 633
- Quick service tips – Page 637
- Challenge Answers – Page 638

Blood Gas Analyzers
- Quick Points – Page 639
- Challenge questions – Page 640
○ Clinical Information – Page 641
○ Common features – Page 644
○ How to test/pm – Page 646
○ Quick service tips – Page 649
○ Challenge Answers – Page 650

Cell Washers
○ Quick Points – Page 651
○ Challenge questions – Page 652
○ Clinical Information – Page 653
○ Common features – Page 658
○ How to test/pm - 659
○ Quick service tips – Page 662
○ Challenge Answers – Page 663

Centrifuges
○ Quick Points – Page 664
○ Challenge questions – Page 665
○ Clinical Information – Page 666
○ Common features – Page 669
○ How to test/pm – Page 670
○ Quick service tips – Page 674
○ Challenge Answers – Page 675

Coagulation Analyzers
○ Quick Points – Page 676
○ Challenge questions – Page 677
○ Clinical Information – Page 678
○ Common features – Page 681
○ How to test/pm – Page 682
○ Quick service tips – Page 685
○ Challenge Answers – Page 686

Flame Photometers
○ Quick Points – Page 687
○ Challenge questions – Page 688
○ Clinical Information – Page 689
○ Common features – Page 692
○ How to test/pm – Page 693
○ Quick service tips – Page 696
Challenge Answers – Page 697

Media Sterilizers

- Quick Points – Page 699
- Challenge questions – Page 700
- Clinical Information – Page 701
- Common features – Page 703
- How to test/pm – Page 704
- Quick service tips – Page 707
- Challenge Answers – Page 708

Chapter 14; Diagnostic Imaging

CR/DR/RF/MG/XA; X-Ray imaging modalities

- Quick Points – Page 709
- Challenge questions – Page 711
- X-Ray Clinical Information – Page 712
- X-Ray Technology Information – Page 719
- X-Ray Image Quality – Page 728
- X-Ray setup: Acquiring a radiograph using CR – Page 732
- X-Ray setup: Acquiring a radiograph using DR – Page 733
- How to test/pm the X-Ray device – Page 734
- Challenge Answers – Page 739

CT; Computed Topography

- Quick Points – Page 741
- Challenge questions – Page 743
- CT Clinical Information - Page 744
- CT Technology Information – Page 751
- CT Image Quality – Page 757
- CT scanning parameters – Page 763
- CT setup: Acquiring the images – Page 767
- How to test/pm the CT – Page 769
- Challenge Answers – Page 775

MRI; Magnetic Resonance

- Quick Points – Page 778
- Challenge questions – Page 781
- MRI Clinical Information – Page 782
- MRI Technology Information – Page 786
MRI Image Quality – Page 797
MRI scanning parameters – Page 805
MRI setup: Acquiring the images – Page 808
How to test/pm the MRI – Page 811
Challenge Answers – Page 819

US; Ultrasound

Quick Points – Page 821
Challenge questions – Page 823
US Clinical Information – Page 824
US Technology Information – Page 830
US Image Quality – Page 834
US setup: Acquiring the images – Page 837
How to test/pm the US – Page 839
Challenge Answers – Page 843

NM; Nuclear Medicine

Quick Points – Page 845
Challenge questions – Page 847
NM Clinical Information – Page 848
NM Technology Information – Page 856
NM Image Quality – Page 862
NM setup: Acquiring the images – Page 868
How to test/pm the NM – Page 870
Challenge Answers – Page 874

PACS Systems

Quick Points – Page 876
Challenge questions – Page 877
Overview of a PACS system – Page 878
PACS Workstations – Page 879
PACS Display – Page 882
PACS Application – Page 886
PACS Workflow – Page 888
PACS Administration – Page 890
PACS Systems: DI vs. Cardiology – Page 893
PACS Servers – Page 894
The HL7 standard – Page 895
The DICOM standard – Page 896
Challenge Answers – Page 899
